

Steve Rossi, owner of Performance Motor-Sports in Temple, Texas installed the AMSOIL Dual Remote By-Pass system on AMSOIL Direct Jobber Tom Ferstl's Ford F350 Power Stroke diesel pickup. "My F350 does not have any room under the hood and no room near the bell housing or tranny," said Ferstl. "The best place we located for it was between the driver's door and the rear driver's side door, but not too near the fuel pump."
